Forest Service

SERVING: Washington & Oregon
MISSION: The mission of the USDA Forest Service is to sustain the health, diversity, and productivity of the Nation's forests and grasslands to meet the needs of present and future generations. The USDA Forest Service commitment to land stewardship and public service is the framework within which natural resources are managed. Implicit in this statement is the agency's collaboration with partners and the public. As the lead Federal agency in natural resource conservation, the USDA Forest Service provides leadership in the protection, management, and use of the Nation's forest, rangeland, and aquatic ecosystems. Our ecosystem approach to management integrates ecological, economic, and social factors to maintain and enhance the quality of the environment to meet current and future needs. Through implementation of land and resource management plans, the agency ensures sustainable ecosystems by restoring and maintaining species diversity and ecological productivity that helps provide recreation, water, timber, minerals, fish, wildlife, wilderness, and aesthetic values for current and future generations of people.

Small Business Administration Office of Advocacy

SERVING: Washington, Alaska, Oregon & Washington
MISSION: In 1976, the U.S. Congress created the Office of Advocacy within the U.S Small Business Administration to protect, strengthen and effectively represent the nation's small businesses within the federal government's legislative and rule-making processes. The Office of Advocacy works to reduce the burdens that federal policies impose on small firms and maximize the benefits small businesses receive from the government. Advocacy's mission, simply stated, is to encourage policies that support the development and growth of American small business.
